Returning To The Teachings: Exploring Aboriginal Justice

Synopsis

In his bestselling book *Dancing with a Ghost*, Rupert Ross began his exploration of Aboriginal approaches to justice and the visions of life that shape them. Returning to the Teachings takes this exploration further still. During a three-year secondment with Justice Canada, Ross travelled from the Yukon to Cape Breton Island, examining and experiencing the widespread Aboriginal preference for peacemaker justice. In this remarkable book, he invites us to accompany him as he moves past the pain and suffering that grip so many communities and into the exceptional promise of individual, family and community healing that traditional teachings are now restoring to Aboriginal Canada. He shares his confusion, frustrations and delights as Elders and other teachers guide him, in their unique and often puzzling ways, into ancient visions of Creation and our role with it. *Returning to the Teachings* is about Aboriginal justice and much more, speaking not only to our minds, but also to our hearts and spirits. Above all, it stands as a search for the values and visions that give life its significance and that any justice system, Aboriginal or otherwise, must serve and respect.

Customer Reviews

Whether you're a student, teacher, or you want to read this for fun - I highly recommend this book. The book contains practical lessons for the class room, life and for the justice system. Anyone who wants to help repair their community, solve the injustices present in the criminal justice system, or who has been a victim of crime should read this book.

Maybe, just maybe, Europeans will look back in time to discover the eternal wisdom of original societies. Now, as then, and into the future how we relate to each other will lead our lives... and this we can learn by listening. Anything Rupert Ross writes, read it!

Used this book for a cultural diversity & service learning class. Very informative and relevant to most anyone, especially social workers.

A+
