Customer Reviews

Conservatives give significantly more than Liberals and Democrats (money, time, real empathy)...while it is not surprising to me, it was intuitively contrary to what the author, a Democrat, expected to find.

Great book, very insightful

Everyone who believes that taxation is a form of philanthropy needs to read this book to get their heads right. Letting the government steal your money to give to other people isn't charity.

Wonderful book for anyone who really wants to understand private charity.
