Chas's Fervor: Insurgents Motorcycle Club (Outlaw MC Romance)

Synopsis

The first time Chas saw his son's teacher, he wanted her in his bed. Now Chas, the hardened, tattooed member of the Insurgents Motorcycle Club, has sworn off women since his divorce left him bitter and jaded. The last thing he wants to do is settle down with another old lady. His relationships now are easy and free—exactly the way he likes it. Until he meets curvaceous Addie. The sexy redhead whose eyes set him on fire. He has to have her between his sheets. And he knows she wants him. Eyes don't lie. Addie O'Leary has lusted after her student's dad ever since she saw him. She has guarded her heart and her life for the last two years. Now Chas, the tattooed, dirty-mouthed, rugged outlaw biker threatens to tear down all her barriers. Always loving the bad boy, Chas is a dangerous badass with an attitude and an outlaw MC. His charming smile pulls at Addie's heart and his chiseled chest makes her body overheat. Carrying around a deep, dark secret, Addie is afraid her past will destroy her future. Chas seems to be her only hope for redemption. Will he be able to intervene before it's too late? Chas knows Addie is hiding something. He makes it his mission to find out what it is, and, once he does, he'll claim her as his woman. The Insurgents MC series are standalone romance novels. This is Chas and Addie's love story. This book contains violence, strong language, no cheating, and steamy sexual scenes. HEA. No cliffhangers! The book is intended for readers over the age of 18.

Lizzie follows her husband one day, thinking he is cheating on her but it's much worse. He's a paid assassin and he just killed a woman. She threatens to call the cops but he tells her she'll be blamed because her prints are the only ones there. She packs up, changes her name to Abbi and becomes a librarian in Colorado. Two years later she meets Chas. A member of the Insurgents and the father of one of her students whom she is helping with his reading. As soon as Chas lays eyes on Abbi he knows he must have her. But he was burnt once by his first wife and only wants sex with her. The more he's with her, the more he wants. But the past comes back for Abbi she is forced to make a difficult choice. Rough and dirty sex. Bikers. Sexy librarian and crazy ex's. Loved the story. Abbi is a little naive about her ex and some of the dialogue is not believable but it's an excellent story.

I didn't write a review for the first two books but I will say they keep me on the edge of my seat. There was never a dull moment. I love how Chiah had the sexy alphas with sassy and sometimes shy ladies. There was suspense, some heartbreak, always hot and steamy sex, plus a lot of caring for each other. I can't wait for the next book to come out. I know that it will be just as good if not better than the last.

This is my second book in this series and I really enjoyed Chas and Addie. Chas is over the top alpha male and Addie seems as though she can hold her own with him even though she does let him slide with a little bit more than most women would. I enjoyed little Jake's character as well and what he added to the storyline. This would have been a 5 star for me but I felt like the author dragged the story out just a little bit. Some things were starting to be repeated and it was like, yes we already know this... if the story was wrapped up but maybe 10 chapters sooner it would have been a 5 star. I still enjoyed it and will be reading more in the series.

Interesting twists to a woman on the run and studly biker. Abbie is in hiding as a librarian who is helping young Jack with his reading. His mother is an abusive, jealous failure. His father Chas is the studly biker who loves his son and falls for Abbie. The seatbelt is a nice idea but the reality is not. "When she gazed out the window, she saw Chas straddling a big-ass Harley, the streetlights

bouncing off its chrome, and Jack snuggled behind him wearing a safety belt and helmet."No desire to re-read this story. I maybe interested in other works by this author.

Great, this was just as good as Hawk's Property. CHAS falls for his son's, Jack, teacher. She doesn't have a models figure, she's happily curvy. Chas thinks she is the sexiest woman he has ever seen. He is sexy, ripped and melts for her and Jack. They have their problems with Addie's husband and Chas's ex wife but of course there's a happy ending. Wonderful. I enjoyed every page CHIAH and can't wait for Axe's turn. I hope he falls for someone who is strong and wants him from the beginning.

Well...she's done it again! Another good one.....it wasn't my favorite but I did enjoy it! On to Axe, it'll be interesting to see who and how he gets the wind knocked out of his sails! I'm really happy that Jack got his happy ending with Chas and Addie!!!!

This was another great story in this series. I honestly can't wait till the next book. I only have one request for Ms. Wilder. Please give us Banger's story, I know it will be awesome. You are a very talented author and I truly enjoy reading your stories. Keep them coming, I will definitely keep buying them.

*3.5 stars*Chas is a member of the Insurgents Motorcycle Club and he lives up to the patch he wears so proudly. He works hard, plays harder and he loves his family, his little boy, and the brothers who make up his second family. He had no need for anything, or anyone, more until Addie entered his life | Addie was living the quiet life she chose for herself. Content working at the library, she loved her job especially the reading club. When she met Jack's father for the first time she knew he could shatter her hard won life | This is the third instalment to the series and Chas is the club member who sees his well-organized life turned upside down this time. His feelings for Addie have him dating a " dating! " for the first time ever. Even though he had been married before this was the first time his heart was really a part of a romantic relationship. And he had some convincing to do as Addie was attracted to him but also reluctant to take a chance on upsetting her well-crafted world. Love, however, had plans for these two | A different story but with many of the same elements I have loved, and not liked, about this series. Don't get me started on how these bikers treat women and their approach to sex and relationships. The writing style continues to be top notch and I could really get into, and feel, what was between Addie and Chas. And Jack in the middle - so

sweet! Twists and surprises abounded as usual and my score card was full trying to keep track of the drama flying about but, as usual, highly entertaining! I hope there are more of these club brothersâ | they are starting to grow on me, smack talk and all. **Reviewed for Nerdy, Dirty & Flirty**
