The Mandarin's Vendetta (Rayna Tan Action Thriller Series Book 2)

Synopsis

When Rayna and the Fidelitas team go to China to administer justice to the corrupt officials and businessmen who caused the deaths and injuries of thousands of schoolchildren, a heinous plot is discovered. One of the perpetrators, bent on revenge against the American system that allowed his son to die of drugs, alcohol and inadequate medical care, plans to kill a million Americans with a deadly new drug. With the clock ticking, Rayna must identify the location of the manufacturer and destroy the deadly poison. Clandestine intel, Academy Award-level acting and every fiber of her lethal weapon body must be used. From six-star hotels to the desperate slums of Guangzhou, to North Korea's secret drug factories and an obscure Buddhist temple, Rayna must outwit and outbattle the deadly Mandarin if she is going to prevent a disaster of apocalyptic proportions.

I received this for being an advanced reader for the author. Besides getting all the good books in advance of hitting the market and have the opportunity to share my remarks, I love being part of the team that works with authors as they share each new book that they pen. What did I like? American Terrorist is a work of fiction, but what's truly scary is that the scenario is frighteningly plausible. This is no conspiracy theory. We do have shadowy, brutal enemies. Can we stop them from executing destruction again? Again this book has continued the action that I really like and when I talk about action I don't mean just the war and brutal action I mean is the tense action, what is going to happen next??? Type of action, where do I go, what do I do? It keeps the flow over the book and Rayna is constantly trying to figure out the next step, the next move.
