Dreaming of traveling to Spain? This is the book for you. It starts out with a map of Spain. The five-day guide provides recommendations, tips, currency, country code, emergency numbers, local airports, and explains about how emergency treatment is provided for free in public hospitals for visitors. I was surprised about that. August is the high season. Bring a good pair of walking shoes. The guide tells you what important items you won't want to forget. Sightseeing highlights included as well as hidden treasures of less-known gems you won't want to miss. Etiquette for greeting, dining, and smoking is provided. Information provided regarding tipping. There are bike, boat, and walking tours as well as bus or car. There is even a five-day itinerary provided that you can play around with to suit your personal tastes and add or subtract activities for a fun-filled, well-balanced time in Barcelona! It's a big city, but walkable during five days, according to the guide, or you can rent a bike. Restaurants and hotel information included. A book full of tips and necessary information that I highly recommend if you want to have a safe, fun-filled trip.

If you're planning a trip to Barcelona then you should do yourself a favour and read this book first to help prepare for your journey. It's packed with useful information on getting there and getting around, where to stay, where to eat and interesting places to visit. Whether you're on a budget or have money to burn this book offers ideas for all and I'll definitely be taking this with me

My family is planning to visit Barcelona this coming Christmas, and I am really excited so I immediately purchased some travel guides about it. I actually like this book, it already includes some important information that we need to learn about Barcelona, especially the place to eat and

sleep, also the map and the local tourist information. Great guide!

A wonderful book guide to Barcelona, Spain. The Overview is great and so as the information on the best times to travel. I am going to share this to my beautiful friend to set our travel details the soonest possible time. The best places is in here!

I have a friend living in Barcelona and he told me story about the place and it is really awesome according to him. I am planning to go there but at this moment I am on the process of preparing my self financially. Thank you for this book at least I was given an insight on what to do. Best guide.

This is the best travel guide i have ever come across. it is really amazing and am glad i came across it. This book clearly opened my eyes to the wonderful things, food, and places i would see on my trip to Barcelona. I really can't wait to plan my next vacation there right away. I am so excited by this book and i want to experience it my self. Nice book

This is a nice little guide to Barcelona. I have been to Spain, but not to Barcelona. Seems like a wonderful place. In the guide, youâ™ll find emergency phone numbers, general information, cultural information, places to visit and restaurants to eat at. It contains some pictures and it was well put together.

Would you like to travel to Barcelona? This is the perfect guide, combine fun, cultural and historic vacations, perfectly organized within 5 days. But not only includes 5 days plan, it also helps you to prepare before the trip with useful recommendations.
